

Packing more punch! New U-428+HV and U-838HV

The new formulation for U-428+HV and U-838HV delivers a knockout punch to previous primerless-to-glass adhesives. Not only does it out deck the competition, but its combination of features and benefits far exceeds previous formulations of U-428Plus/U-838.

These advancements enable you to perform more installations per shift to increase revenue for your shop.

- New, faster MDAT times, as low as three hours
- Working temperatures down to 32°F
- Ideal for RV and motor coach use

See the complete side-by-side comparison on the back.

Compare the features and benefits of U-428+HV/U-838HV with previous formulations. They will knock your socks off.
