Furthermore, in the event DuPont agrees to a transfer of warranty to a subsequent Warranted Party in advance of the transfer, DuPont's approval will be conditioned on receipt of, and shall in no event be effective unless and until DuPont receives Transfer Evidence (which means: an executed deed, an executed ground lease or memorandum thereof, or other documentation satisfactory to DuPont reflecting that the proposed assignee has acquired ownership of the building or buildings to which the warranty applies). Following a transfer of the warranty in accordance with this Section, the original Warranted Party shall have no further right to bring a claim under this warranty.

For the purposes of this warranty, "Single-Family Residential Buildings" are defined by DuPont as fully-detached one or two family structures, as well as townhouse structures not more than three stories above grade plane as defined in the 2018 International Residential Code (IRC) Section R101.2, both to the extent they are exclusively Residential Use building structures.

*Special Provisions (IBC Section 510) allows for a "horizontal building separation", or 'podium', to be built under the wood-framed Type III or Type V building. The podium is typically constructed of steel framing or concrete. Podium-style buildings are included under "Wood-Framed Multi-Family and Light Commercial Buildings", as long as all other definition criteria (a. through c. above) are met.
