

2017 DUPONT SAFETY & SUSTAINABILITY AWARDS JURY MEMBERS

MIEKE JACOBS (JURY PRESIDENT)

CEO – Force Field

Over the past 20 years, Mieke Jacobs has held regional and global leadership positions in DuPont Operations. As a Global Practice Leader for DuPont Sustainable Solutions, she consulted companies around the world on their safety and operational excellence journey. She combines this industrial background with additional studies in the field of organisational change, systemic work and executive coaching and a passion for the human factor. She is the founder of Force Field Consulting, working as a senior advisor to DuPont Sustainable Solutions and she is a published author.

GARRET FORSYTHE

Managing Director, JGF Performance Consulting LLC

Following 36 years with DuPont, Garrett is now assisting organizations with their Operational Excellence journeys and with development of key leaders. After a range of production, sales, marketing, supply chain and business management roles, he joined DuPont Sustainable Solutions to develop an external Energy Efficiency Consulting Practice. Subsequently, he helped to develop, design and implement Operational Excellence/Production systems for European and Asian clients.

JANET ASHERSON-BOWLES

Consultant in Environment, Health and Safety

Prior to taking a consultancy role, Janet spent nearly 30 years lobbying International, EU and UK institutions on behalf of business, in the areas of; health, safety, risk management, environment, energy, biotechnology, land use planning, sustainable development and corporate social responsibility.

LOUIS WUSTEMANN

Head of Regulatory Magazines – LexisNexis UK

Louis is Managing Editor, Compliance at LexisNexis' journals and magazines division in the UK. He edits Health and Safety at Work magazine which has a readership of 24,000 health and safety professionals. He also manages the Environmentalist magazine.

VAIDEESH SANKARAN

Sustainability Consultant

Vaideesh Sankaran leads as an independent consultant on managing environmental, climate change and sustainability issues with over 25 years of experience across South Asia, East & Central Asia and Africa. Vaideesh has extensively worked on sustainability issues that includes waste water, air pollution, solid waste, GHG mitigation and climate resilience.

KATE CHANEY

Sustainability Consultant

Kate has worked as a corporate lawyer, a strategy consultant and in a range of corporate roles, most recently as Sustainability Manager at Wesfarmers Limited, Australia's largest diversified conglomerate. In this role she developed and implemented the company's 10 sustainability principles addressing the social and environmental impact of its diverse businesses and managed all external sustainability reporting.

SCOTT MCWILLIAMS

Vice President of Emerson's Reliability Consulting

Scott has more than 30 years of diverse executive management, marketing, business development, operations and management consulting experience. Prior to joining Emerson Scott was with Deloitte Consulting, LLP in their global energy practice where he was a recognized expert in regulated and non-regulated businesses and provided advisory services to some of the world's largest companies.
