The DuPont™ Tyvek® Specialist Network
HIGHLY-TRAINED TO HELP YOU GET THE JOB DONE RIGHT

The DuPont™ Tyvek® Specialist Network is a national group of highly-trained field representatives who can provide on-site training and guidance to help make sure you get the best results with DuPont™ Tyvek® Building Envelope Solutions products.

To become certified, each Specialist must participate in a one- or three-year certification process that includes a university-level curriculum and rigorous testing in product knowledge and building science. The certification process is administered through the DuPont Tyvek® Building Knowledge University (BKU).
