Count on DuPont to help you deal with just about anything

DuPont™ Fontelis™ fungicide

Recommendations — Arizona and California

Now you have disease control that's ready for just about anything. New DuPont™ Fontelis™ fungicide delivers broader-spectrum coverage for fast-acting and long-lasting protection that's preventive and curative. It's the power and flexibility you need to improve your odds for high-quality, high-yielding lettuce and other leafy vegetables.

Key Benefits of Fontelis™:

- Single active ingredient delivers an extremely broad spectrum of control
- More active at the target site than other SDHI fungicides
- Excellent crop safety with no adverse effects on crop growth, yield or produce quality
- Application flexibility — apply with ground, air or chemigation equipment, except as otherwise directed
- Offers the flexibility to rotate chemistries for better resistance management
