

Pete Alyanakian
North American Market Development Director
DuPont Photovoltaic Solutions

Pete joined DuPont in 2016 and is responsible for marketing efforts in North America. Prior to joining DuPont, he was with Trina Solar as Director of Project Development for North America. Prior to joining Trina, Mr. Alyanakian held roles with First Solar, Conergy, the US Department of Energy's Energy Efficiency and Renewable Energy Office (EERE), and Exelon Energy.

Pete received a Bachelor of Science degree in marketing from Kutztown University and a Master of Business Administration from Eastern University. He also serves as an adjunct professor in Villanova University's College of

Engineering and teaches graduate level classes on Renewable Energy and the Environment.
