DuPont de Nemours (Luxembourg) S.à r.l.

EC Directive 89/686/EEC EC Type-examination

Issue2.

PPE Product

- a) DuPont™ Proshield® 10 model CHF5b, White hooded coverall, manufactured from a white polypropylene nonwoven fabric, with sewn external seams, a front zip closure with flap and elasticated at the hood, cuffs, ankles & the back of the waistline.
This coverall is available in six nominal sizes.
- b) DuPont™ Proshield® 10 model CHF5b, Blue hooded coverall, manufactured from a blue polypropylene nonwoven fabric, with sewn external seams, a front zip closure with flap and elasticated at the hood, cuffs, ankles & the back of the waistline.
This coverall is available in six nominal sizes.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the PPE satisfied the requirements in the relevant harmonized standards:

EN ISO 13982-1:2004 + A1:2010 (Type 5: Limited life, full body protection against airborne solid particulates);

EN 13034:2005 + A1:2009 (Type 6: Limited life, full body chemical protective clothing offering limited protection against liquid chemicals);

EN 1149-5:2008 (Protective clothing - Electrostatic properties) for electrostatic dissipative protective clothing with a surface resistance of $\leq 2.5 \times 10^9 \Omega$ on the internal surface of the garment.

In addition with one exception the PPE satisfied the requirements of EN 1073-2:2002 (Non-ventilated protective clothing against particulate radioactive contamination) with a performance classification of TIL Class 1. The exception is that clause 4.2 specifies that the minimum puncture resistance should be level 2, but the fabric used has a puncture resistance classification of level 1.

The manufacturer's information notice (Proshield® 10 model CHF5b Jan 2015), in English, has been inspected and found to have addressed all of the relevant requirements of the standards. However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 11 of the Directive are implemented and maintained while the model is in production.

Certification is based on technical file reference: Proshield® 10 model CHF5b, Feb 2015.
