EC Directive 89/686/EEC

EC Type-examination

Issue 4.

PPE Product

DuPont™ Tychem® C with socks model CHA6, hooded coverall, manufactured using yellow Tychem® C fabric with sewn & externally taped seams, a front entry zip closure with a double flap cover sealed with self-adhesive tape and a sealable chin flap. The coverall has integral socks and boot flaps and is elasticated at the hood, cuffs, back of the waist, boot flaps and has elastic thumb loops attached to the cuffs. This model is available in six nominal sizes.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the PPE satisfied the requirements of the relevant harmonized standards:

- EN 1073-2:2002 (Non-ventilated protective clothing against particulate radioactive contamination) for a performance classification of TIL Class 1;
- EN 14605:2005 + A1:2009 (Protective clothing against liquid chemicals) for full body protection against liquid chemicals with liquid-tight (Type 3) & spray-tight (Type 4) connections;
- EN ISO 13982-1:2004 + A1:2010 (Chemical protective clothing providing protection to the full body against airborne solid particulates (Type 5));
- EN 13034:2005 + A1:2009 (Type 6: Limited life, full body chemical protective clothing offering limited protection against liquid chemicals);
- EN 14126:2003 (Protective clothing against infective agents) for the performance classification: 3-B, 4-B, 5-B, 6-B;
- EN 1149-5:2008 (Protective clothing - Electrostatic properties) for electrostatic dissipative protective clothing with a surface resistance of $\leq 2.5 \times 10^9 \Omega$ on the internal (white) surface of the garment.

The manufacturer's information notice (Tychem® C Model CHA5 – Tychem® C Model CHA6, November 2013/1/V1), in English, has been inspected and found to have addressed all of the relevant requirements of the standards. However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 11 of the Directive are implemented and maintained while the model is in production.

Certification is based on technical file reference: TF LX-DPP-034-02,
14 October 2013
