# DuPont<sup>™</sup> Cyrel<sup>®</sup> DRC

Economical Analog Printing Plate for the Corrugated Board Industry

#### **Applications**

- Corrugated board
- Paper substrates

Cyrel<sup>®</sup> DRC is the robust plate for printing line work & solids on any corrugated board substrate. Cyrel<sup>®</sup> DRC is used for line work, solid printing and limited halftone printing on all kinds of corrugated board substrates from coarse C to fine E and F -flutings.

#### **Product Features**

- Good platemaking latitude no masking necessary
- Shore hardness adapted to use with different board flutings

#### **Printing Ink and Solvent Compatibility**

Cyrel® DRC offers excellent compatibility with water- based inks.

#### **Process of use**

Expose the plate through the back to establish the floor and maximize sensitivity. Back exposure varies according to relief required. Remove the protective coversheet and expose the front of the plate. Process the plate in the Cyrel® plate processor. Finish the plate in a light finisher to eliminate surface tackiness. Post -expose the plate to ensure complete polymerisation.

#### Storage - Raw Material

Store unexposed plates in a cool area (40-90°F, 4-32° C), away from direct sources of heat. Humidity control is not required. Cyrel® DRC is foam interleaved to provide maximum protection of the plate after manufacture, and during transportation and storage. Plates should be stacked flat. Plates should not be exposed to direct sunlight or excessive white light. Continuous exposure to very high ozone concentrations should be avoided.

#### Handling – Raw Material

Cyrel<sup>®</sup> DRC plates should be handled under UV free light; e.g. fluorescent tubes covered with amber sleeves.

#### Storage – Finished Plates

After printing, plates should be thoroughly cleaned with compatible solvent before storing. They may be stored on cylinders, sleeves or demounted and stored flat.

#### Availability

Cyrel<sup>®</sup> DRC is available in thickness 125, 155, 170, 185, 197, 217 237 and 250 inches.

Formats available are 42 x 60 inches (106.7 x 152.4cm) and 52 x 80 inches (132.0 x 203.2 cm).
