

DuPont™ Tyvek® Recycling Program in Turkey

As a founding member of the World Business Council for Sustainable Development, DuPont has been a sustainability leader for decades and committed to using a science-based approach to our innovations and our goals. DuPont™ Tyvek® products extend our commitment to sustainability through their unique properties and performance characteristics – light weight, water resistant and durable. Made with 100% HDPE, Tyvek® is readily recyclable for its second life.

As part of DuPont™ Tyvek® sustainability efforts, we have established a Tyvek® recycling program in Turkey through leveraging external partner (Huzur Plastik), capacity with details as follows:

1. Used Tyvek® accepted for recycling

- Non-printed Tyvek®
- Printed Tyvek®
- Tyvek® with infectious substances, biological products, cultures, patient specimens and regulated medical waste will not be accepted.

2. Contact Huzur Plastik using the following information to start recycling your Tyvek® through our program. Please email asamet@huzurplastik.com or go to <http://www.huzurplastik.com/> and "contact" to enter your information regarding Tyvek® recycling.

3. Identify the Tyvek® scrap by color, volume per month, packaging (rolls,bales/boxes), any laminations or adhesives. Some laminations and adhesives may not be accepted. Material should be stored inside and remain dry.

4. Once material is confirmed to be recyclable a sample will need to be sent to Huzur Plastik for evaluation. Send sample to:

Huzur Plastik

Attn. Samet Bekgöz

Attn. Fatih Bekgöz

Address: i.O.S.B. Eski turgut ozal cad. No:23/G İkitelli/ İSTANBUL

email: asamet@huzurplastik.com

Mobile: +90 532 306 17 21

Phone: +90 212 549 89 99

Fax: +90 212 549 99 60

5. Minimum required quantity for recycling

Huzur Plastik will determine with supplier the best shipping method as well as minimum quantity accepted.
