3. PRODUCT DESCRIPTION
Basic Use
STYROFOAM™ Brand PERIMATE™ Extruded Polystyrene Foam Insulation is a moisture-resistant, durable and lightweight foam board designed specifically for use on exterior foundation walls. STYROFOAM™ Brand PERIMATE™ Insulation features patented dovetail grooves on one face and shiplap edges on the long edges. When installed on the exterior of basement walls, it provides insulation, protects the waterproofing membrane and assists water drainage away from the foundation.
