RE: Dupont™ Grey Styrofoam™ Brand Extruded Polystyrene Foam Insulation 2021 HFC regulations

To whom it may concern,

**Styrofoam™ Brand Extruded Polystyrene (XPS) Insulation** products will continue to be fully compliant with specific U.S. State and Canada HFC regulations which come into effect in 2021 as sold to the local dealers and retain all the physical properties that you have come to expect from Styrofoam™ brand rigid board insulation.

Above and beyond ensuring environmental compliance, DuPont is continuing its investment in global sustainability efforts using technology innovation to help customers build energy-efficient, resilient and durable shelters in a rapidly changing world. Styrofoam™ has maintained the trusted performance you've come to expect in its almost 80 year history and will continue to deliver as specified.

DuPont is working closely in the industry to help you meet your needs in every state and province. If you'd like to learn more about the specifics of the local regulations, please see <https://beyondblue.dupont.com/>

If you have technical questions on a new subject, contact our single-entry point for Performance Building Solutions Technical Inquiries at 866-583-2583 or via web form at: <https://www.dupont.com/building/contact-us.html>.
