

Inflation Reduction Act of 2022

Tax Incentives for Commercial Buildings (Section 179D)

179D TAX DEDUCTION FOR ENERGY EFFICIENT COMMERCIAL BUILDINGS (EECB) AND THE INFLATION REDUCTION ACT

The Inflation Reduction Act (IRA) of 2022¹ includes reference to energy performance requirements that must be met to qualify for the Commercial Buildings Tax Deduction (Section 179D), Federal tax deduction on new or retrofit commercial construction projects placed in service between Jan. 1, 2023 and Dec. 31, 2032.

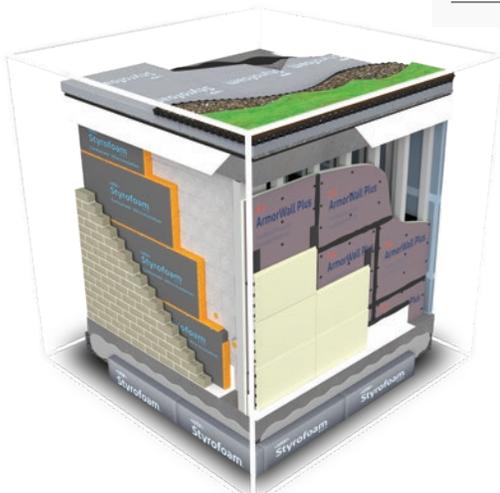

Eligible Products

DuPont air, thermal and weatherization products work together to make your job easier, and your homes perform better. With 70 years of industry-leading building science and expertise, we provide toughness and solutions you can trust.

Our full line — including DuPont™ Tyvek®, Styrofoam™ and Great Stuff Pro™ — in combination with our Building Knowledge Center helps you build better for all six sides.

The following thermal, air and weather-resistive barrier products and systems, when installed in a properly designed commercial building, and in accordance with DuPont's most recently published Commercial Installation Guidelines, will support eligibility for 179D Tax Deduction for Energy Efficient Commercial Buildings (EECB).

- DuPont™ ArmorWall™ Systems
- DuPont™ Thermax™ Wall System (TWS)
- DuPont™ Ultra Wall System
- DuPont™ Tyvek® CommercialWrap® & Tyvek® CommercialWrap® D systems
- DuPont™ Tyvek® Fluid Applied WB+™ system
- DuPont™ Styrofoam™ Brand XPS products
- DuPont™ Thermax™ Brand ISO products
- DuPont™ Froth-Pak™ Foam Sealant and Insulation products
- Great Stuff™ & Great Stuff Pro™ Brand foam sealants

¹ The Inflation Reduction Act (IRA) of 2022 was signed into law August 16, 2022.

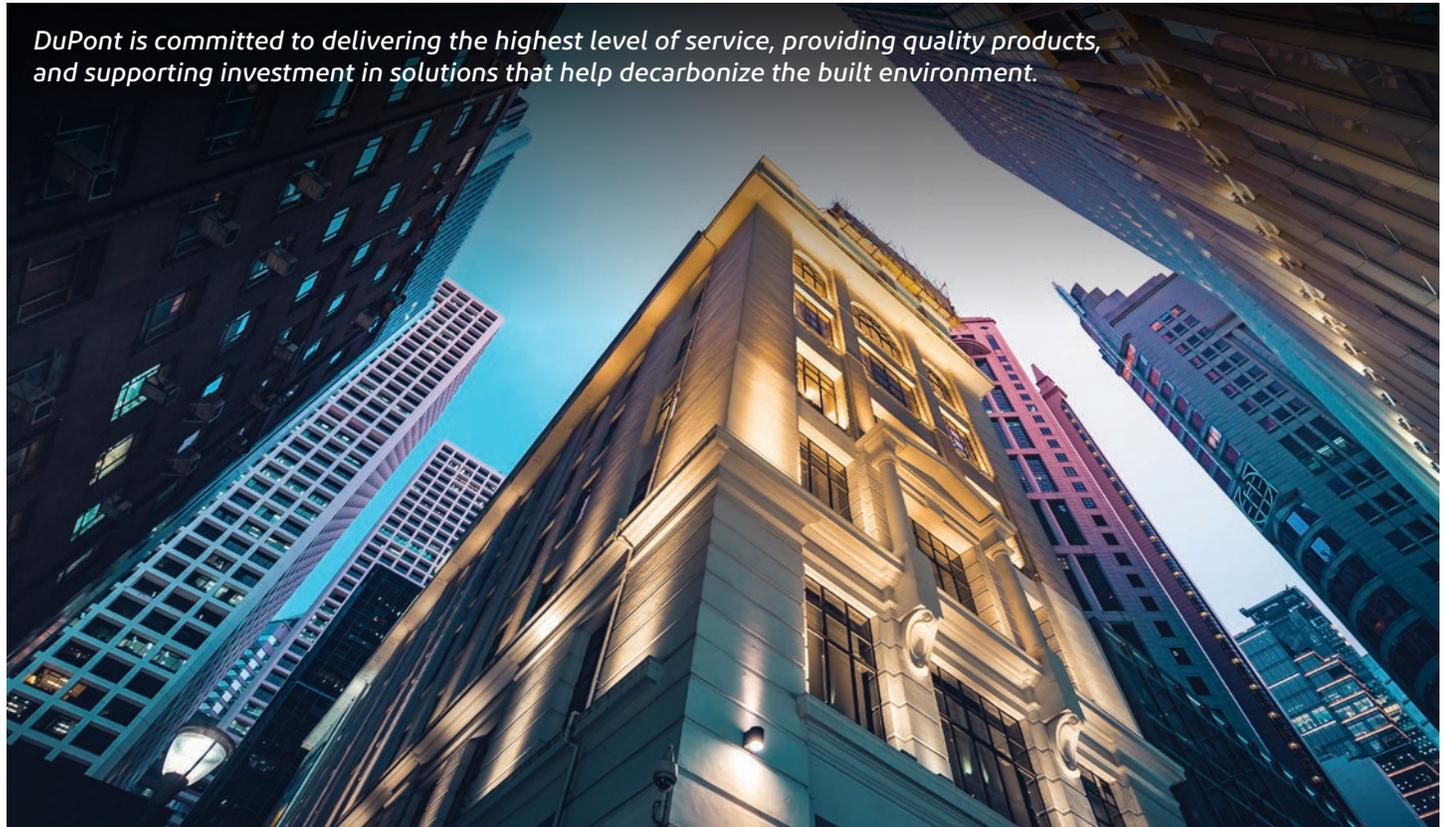

Eligibility for 179D Commercial Buildings Tax Deduction

This deduction is available to builders, contractors, and designers of commercial construction projects.

All official information related to the tax deduction will be determined and published by the IRS. Use Form 7205 to file this deduction. All revisions are available at www.irs.gov/form7205.

How to Claim 179D

To claim the 179D Deduction, the IRS requires that you (through an engineering professional) use a qualified software program to model your energy usage. See a list of [qualified software for calculating energy savings](#).
