Nomex[®]
Xtreme Performance

Our new Nomex[®] Xtreme Performance solutions provide firefighters and emergency responders with the ultimate in protection, thermal performance and toughness

They combine the tested and proven heat and flame protection of DuPont[™] Nomex[®] with the lightweight strength of DuPont[™] Kevlar[®] and the thermal damage tolerance and durability of high-performance materials such as PBO, Nomex[®] Nano and Nomex[®] Nano Flex.

Built-in heat and
flame resistance

Unmatched
mechanical strength

Superior durability
and comfort
