Architectural Fabric Case Study

Protecting DuPont employees from the elements for the past 20 years, multiple colors of Tedlar® PVF film were chosen to be used on the canopy for the employee entrance. While most canopy structures would see cracking, yellowing and fading before now, the Tedlar® film has kept this structure looking like a rainbow of colors.

Area of Application: Building & Construction

Type of Application: Architectural fabric at industrial plant

Year of Construction: 1996

Location: Buffalo, NY, USA
