Tedlar®

Enduring color

The colors of Tedlar® PVF

Enduring Beauty

Bright sunlight, rough weather, temperature, proximity to the ocean- Tedlar® can handle any challenge.

DuPont™ Tedlar® polyvinyl fluoride (PVF) film provides a long-lasting finish to a wide variety of surfaces exposed to harsh elements.

The color uniformity and fade resistance of Tedlar® film allows it to hold its color and maintain its original appearance for decades.

Tedlar® film offers aesthetic and mechanical protection against the elements, resisting fading, cracking and corroding; extending the life of a structure and maintaining a like-new look.
