

# BETAFILL™ Seam Sealant

## Fill and seal in one operation

BETAFILL™ 10101 sprayable seam sealant from DuPont provides factory-standard seam, panel sealing and gap filling in multiple applications. Over-paintable with most systems, this one-component moisture-curing sealant provides permanent elasticity and good adhesion to a variety of different substrates.

No primer is needed when BETAFILL™ Seam Sealant is used on:

- Coated sheet metal
- Glass Reinforced Plastic (GRP)
- Polyurethane (PUR, PUR-RIM)
- Polycarbonate
- PUR-plasticized
- PUR-hard
- PVC
- Wood

## BETAFILL™ seam sealants fill and seal in one operation

### Applications

BETAFILL™ 10101 Seam Sealants can be used on passenger cars, light commercial/leisure vehicles and in heavy truck applications for:

- Seam sealing of roof installation
- Gap filling of bonnet struts
- Sealing of floor molding and sills
- Internal seals on door skins and flange crimping areas
- Internal seam joints between panels
- Sealing of aluminum fabrications
- Gap filling between panels
- Cosmetic finishing of external and internal joints
- Bedding compound to absorb shocks and vibrations
- Sealing of wood, metal, plastic door frames and window fittings
- Bulkhead sealing and door skin fixing
- Mud guard and wheel arch sealing

In heavy truck applications, BETAFILL™ seam sealants can be used for:

- Sealing of lightweight construction materials
- Bedding compound to absorb shocks and vibrations
- Sealing and fixing large internal panel areas
- Sealing of wood, metal, plastic door frames and window fittings
- Bulkhead sealing and door skin fixing
- Mud guard and wheel arch sealing

### Packaging

Product	Package Size	Type	Units/Cartons
BETAFILL™ 10101 (grey)	310 ml	Cartridge	12
BETACLEAN™ 3500 AF cleaner	1000 ml	Bottle	
BETACLEAN™ 3350 cleaner	100 ml, 1000 ml	100 ml Can, 1000 ml Bottle	
BETAPRESS™ 330 application gun	N/A	N/A	1

## Advantages

### BETAFILL™ 10101 Seam Sealant:

- Sprayable
- Isocyanates free
- Polyoxypropylene-based (POP)
- Provides excellent stability against light
- Immediately over-paintable, wet-on-wet

When applying BETAFILL™ 10101 Seam Sealant, all surfaces must be dry and free from dirt, dust, grease and oil. To clean the surface, use BETACLEAN™ 3500 cleaner.

It is recommended that BETAFILL™ 10101 Seam Sealant be dispensed using the BETAPRESS™ application gun from DuPont. However, it can also be dispensed from any spray gun specifically designed for sprayable seam sealers

### About us

DuPont provides technology- and materials-enabled solutions for interior, exterior, powertrain, vehicle structural enhancement, acoustic management, emissions control and aftermarket applications in the automotive and commercial transportation industries.
