

2020 SUSTAINABILITY GOALS

DuPont has been at the forefront of the sustainability movement for 25 years.

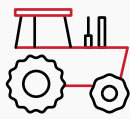

We continue our leadership journey by announcing a set of 2020 Sustainability Goals that integrate sustainability in our innovation process, further improve our operational footprint, and continue our efforts to enhance global food security.

SUSTAINABLE INNOVATION

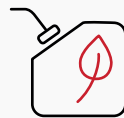

Goal: We will further embed sustainability in our innovation process and challenge all products in our pipeline to contribute to a safer, healthier, more sustainable world. We will track our progress and measure and report the quantifiable safety, health, and sustainability benefits from major growth innovations.

Our 3 strategic priorities reinforce and complement each other in the drive for sustainable solutions.

AGRICULTURE & NUTRITION

We lead the market with practical and sustainable solutions that yield ample and nutritious food supplies.

BIO-BASED INDUSTRIALS

We combine the biological and chemical sciences to help meet the needs of a growing population and mitigate the strain on our planet's resources.

ADVANCED MATERIALS

We are dedicated to harnessing our legendary materials science capabilities to help solve the world's most pressing challenges.

FOOD SECURITY

We will develop innovations that will produce more food, enhance nutritional value, improve agriculture sustainability, boost food safety, extend food freshness and reduce waste.

\$10 BILLION
IN R&D

INNOVATE TO FEED THE WORLD

Goal: \$10 Billion in Research & Development Investment and 4,000 New Products Introduced by 2020

2 MILLION
ENGAGEMENTS

ENGAGE AND EDUCATE OUR YOUTH

Goal: Facilitate 2 Million Engagements with Youth around the World in Educational Opportunities

3 MILLION
FARMERS

IMPROVE RURAL LIVELIHOODS

Goal: Improve the Livelihoods of 3 Million Farmers and Their Rural Communities

FOOTPRINT

We have been focusing on improving our footprint for over twenty-five years. Now, we take the next step on our journey.

SMARTER ENERGY USE

Goal: 10% Reduction in Non-Renewable Energy Use Per Price-Adjusted Dollar Revenue

GREENHOUSE GAS EMISSIONS REDUCTIONS

Goal: 7% Reduction in Greenhouse Gas Emissions Intensity

WASTE REDUCTION

Goal: Each DuPont Business Will Meet A 2020 Waste Goal Appropriate To Its Operation

WATER STEWARDSHIP

Goal: All DuPont Sites in Locations Evaluated as High or Extremely High Water-Risk Will Establish Water Risk Mitigation Plans and Complete Priority Implementation Objectives By 2020
