Years of Validity: 2023 - 2024

USA FDA – Food Additive Status

FilmTec™ SW30XHR-440 Element

When used unmodified and according to good manufacturing practices, these membranes will comply with the U.S. Food, Drug and Cosmetic Act as amended under Food Additive Regulation 21 CFR § 177.2550. These products may be used in processing liquid food and to purify water for food manufacturing in compliance with the mentioned regulatory citation.

Use of these products is subject to good manufacturing practices and any limitations which are part of the regulations. The regulations should be consulted for complete details.

Element parts or materials in contact with the potable water are compliant to 21 CFR § 170 to 199. Each has their own listing similar to the membranes.

Please be assured we are committed to providing high-quality products and service to our customers. If you have any questions or require further information, please contact us via our website at http://dupont.com/water/contact-us.

No freedom from infringement of any patent or trademark owned by DuPont or others is to be inferred. Because use conditions and applicable laws may differ from one location to another and may change with time, Customer is responsible for determining whether products and the information in this document are appropriate for Customer's use and for ensuring that Customer's workplace and disposal practices are in compliance with applicable laws and other government enactments. The product shown in this literature may not be available for sale and/or available in all geographies where DuPont is represented. The claims made may not have been approved for use in all countries. DuPont assumes no obligation or liability for the information in this document. References to "DuPont" or the "Company" mean the DuPont legal entity selling the products to Customer unless otherwise expressly noted.
